Exposure Controls / Personal Protection

Personal Protective Equipment

- Respiratory Protection: Use mask
- Eye Protection: Safety goggles
- Skin Protection: Impervious gloves
- Other: Plastic apron, face shield, hat, boots

Industrial Hygiene

- Wash hands before breaks and after work.
 - Do not eat, drink, or smoke at the workplace.
-

Physical & Chemical Properties

Property	Details
Physical State	Free-flow Cementitious Powder
Color	Gray
Odor	Cementitious
Boiling Point	N/A
Melting Point	N/A
Flash Point	N/A
Auto Ignition Temperature	N/A
Explosion Limits	N/A
Thermal Decomposition	N/A
Bulk Density	1.6 – 1.8 g/l
pH	7 – 9
Viscosity (at 25°C)	N/A

Stability & Reactivity

- Stable under normal ambient temperature and recommended usage.
 - No known conditions likely to result in hazardous situations.
 - Avoid handling that leads to dust formation.
 - Hazardous Reaction: None.
-

Toxicological Information

Based on available information and usage experience, the product is not harmful to health when handled and used according to recommendations.

Ecological Information

Elimination Information

The product may affect the acidity (pH) of water, which may have hazardous effects on aquatic organisms.

Do not discharge product into natural water without pre-treatment.

Disposal Considerations

- Prevent spills from entering sewers, stormwater drains, or waterways.
 - Small quantities may be mixed with water, allowed to cure fully, and treated as low-hazard waste.
 - Larger quantities should be disposed of as hazardous waste through a licensed waste operator.
-

Transport Information

- Land Transport (USDOT): Not classified as dangerous goods
 - Sea Transport (IMDG): Not classified as dangerous goods
 - Air Transport (IATA/ICAO): Not classified as dangerous goods
-

Regulatory Information

The material is not subject to special labeling requirements.
