

MATERIAL SAFETY DATA SHEET (MSDS)

STOCKYARD BLOCKFIX

1. Identification of the Substance / Company Information

Product Name: STOCKYARD BLOCKFIX

Description: High-Performance Block Joining Mortar

Application: AAC Block / Fly Ash Brick Laying Mortar

2. Hazard Identification

No hazards known under normal use. Keep bags tightly closed after use. Avoid contact with skin, eyes, and clothing. Wash thoroughly after handling. Avoid inhalation of dust.

3. Composition / Information on Ingredients

- Ordinary Portland Cement – 30–35%
 - River Sand – 55–60%
 - Acrylic Polymer – 2–3%
-

4. First Aid Measures

Eye Contact: Flush immediately with plenty of clean water for at least 15 minutes and seek medical attention.

Skin Contact: Remove contaminated clothing immediately and wash affected area with soap and water.

Inhalation: Move affected person to fresh air and seek medical attention if symptoms persist.

5. Fire Fighting Measures

This product is non-combustible. Dust may form explosive mixtures with air. No unusual fire hazards noted.

6. Accidental Release Measures

Clean spills using absorbent cloth or tissues. Dispose according to local regulations. Avoid discharge into natural waters.

7. Handling and Storage

Avoid dust formation. Use in ventilated areas. Store in a shaded, dry, and well-ventilated place away from sunlight and heat.

8. Exposure Controls / Personal Protection

Use safety goggles, gloves, aprons, face shield, boots, and dust mask where required. Maintain industrial hygiene.

9. Physical and Chemical Properties

Physical State: Cementitious Grey Powder

Color: Grey

Odor: Cementitious

Bulk Density: 1.7–1.9 g/L

10. Stability and Reactivity

Stable under normal conditions. No known hazardous reactions. Avoid excessive dust formation.

11. Toxicological Information

Products are not harmful to health when handled and used according to recommendations.

12. Ecological Information

May affect water pH and aquatic organisms. Do not discharge untreated product into natural water systems.

13. Disposal Considerations

Prevent entry into drains and waterways. Small quantities may be cured and disposed safely; larger quantities require licensed disposal.

14. Transport Information

Not classified as dangerous goods under Land (USDOT), Sea (IMDG), or Air (IATA/ICAO) transport regulations.

15. Regulatory Information

This material is not subject to special labelling requirements.

16. Other Information

The above information is based on present knowledge and practical experience for safe handling, storage, transport, and disposal.
